

FOA Hills Mahmutlar Alanya Antalya Turkey

Mahmutlar Alanya Antalya

36.4833504, 32.1025918

Our new project in Mahmutlar, Alanya. It is located 800 meters from the sea.

The new complex is an exclusive luxury project. It will be of great interest to investors looking for aesthetics combined with comfort.

The project is extremely conceptual and is reflected in the quality of architecture even in the smallest details. It will give you a sense of peace and home style with comfort and chic location. During construction, brands with a worldwide reputation are used, leaders in the field of construction and decoration.

The complex will include 200 residences equipped with panoramic windows, from where an unforgettable view of the endless sea surface will open. Your choice will be presented with various layout options ranging from 35 to 135 square meters, which will satisfy the needs of even the most demanding client. Layout of apartments:

1 + 0; 35m²

1 + 1; 51m²

1 + 1; 90m²

Our complex offers many services and amenities to guests and residents of the complex, including several swimming pools, water slides, a sauna and a luxurious Turkish hammam. Also, you will have access to a modern fully equipped fitness center, where you can keep yourself in shape at any time of the day. In addition to all of the above, the complex has a playground, numerous green areas and gazebos for relaxation. Enjoy great dinners with your family and friends in the dedicated barbecue area. And on the last floors there is a spacious lounge area with breathtaking views.

In addition, the residents of the complex have access to round-the-clock concierge services. You do not have to worry about your safety and the safety of your property, because there is round-the-clock video surveillance, and the complex itself is guarded 24/7. Wi-Fi is available throughout the complex.

This residential complex has extremely high transport accessibility and is located in a lively developed area with developed infrastructure, which makes it extremely attractive for investment. There is a public school just 500 meters from the complex, and within walking distance there are many shops and supermarkets. The state clinic is also nearby. The center of Mahmutlar can be reached in just 10

minutes.

But the most attractive feature of our complex is the low prices. The cost of apartments with early purchase starts from 29 thousand euros – we set ourselves a very difficult task, which we were able to successfully implement: a high level of housing and a unique quality at the most affordable prices. The complex will be completed in August 2022.
