Cikcilli location, 800 metres from the sea

The property is situated in Cikcilli, a district of Alanya, and the stated distance to the sea is 800 metres. This measurable distance is useful for buyers comparing apartments according to coastal access while still seeking the facilities of a residential complex.

The listing states that the apartment is suitable for residence-related procedures and Turkish citizenship applications. These matters depend on current legislation, official valuation requirements, the title deed, the buyer’s personal circumstances and other applicable criteria. Prospective buyers should therefore obtain up-to-date confirmation from the relevant authorities and qualified legal professionals before making a decision.
